 Bhubneswar, Odisha, India 7205529539

EDUCATION

Lakshya Institute Of Technology,Odisha   *Sept 2021 - oct 2024*
Bachelor Of Computer Science (H)

Pattamundai Higher Secondary School,Kendarapada   *july 2019- Oct 2021*
Council of Higher Secondary Education ,Odisha

M.Y Bidya Niketan,Pattamundai,Kendrapada   *july 2018- Oct 2019*
Board of Secondary Education ,Odisha

TECHNICAL SKILLS

Programming Language: **C, C++,Core JAVA**
Database Tool: **Oracle,Mysql,MongoDB**
Web Technology: **HTML,CSS,Javascript,Reactjs,Express.js ,Nodejs**
Overall Skill: **Data Structure and Algorithm, Git**

CARRIER OBJECTIVE

As a passionate web developer enthusiast, I aim to utilize my skills and knowledge to create dynamic and user-friendly websites that provide a seamless experience for users. My goal is to work in an environment that encourages creativity and innovation, where I can learn and grow as a web developer while contributing my expertise to develop projects that make a difference in the world.

KEY PROJECTS (ALL AVAILABLE IN GITHUB)

1.Learning Management System (LMS)
-Implementing JWT-based authentication in a web application. This could involve creating and verifying JWTs, handling user registration and login, and securing routes or resources.
-This project is designed to provide a comprehensive platform for managing and delivering educational courses online. For educators, students, or administrators, this system aims to streamline the learning process.
-Tech Stack: MERN Stack

2.Zoom-clone in Next.js
- Developed a full-featured video conferencing application similar to Zoom, leveraging modern web technologies.
-Implemented real-time video and audio communication using WebRTC for seamless user interactions.
-Tech Stack : Next js

3.E-commerce Backend
-Implemented a robust RESTful API to support CRUD operations for products, categories, orders, and users.
-Built a secure user authentication and authorization system utilizing JWT for token-based authentication and role-based access control
-Tech Stack : Node js, Express.js , MongoDB

AWARDS AND ACHIEVEMENT

-1st position in the mini-project marathon at Lakshya Institute Of Technology.
-I have solved about 330+ questions in Code studio and scored 10,000+ score.
-I leveled a 5-star profile on Hacker in problem-solving.
-Solved 200+ problems in LeetCode in C++.
